

BLACK
WOLF GOLF

Black Wolf Golf is looking for independant sales representatives to add to their portfolio.

Black Wolf Golf is now the #1 maker of custom engraved wooden bag tags. Everything is made from natural wood and are water treated. #gogreen

These tags are perfect for your seasonal membership, welcomed guests, special events, or out-of-town golf trips. We use high quality wood that not only looks rich but is extremely durable and will make a lasting impression.

A special feature we are proud to offer is the ability to custom engrave the member's name and bag storage number, eliminating the extra time it takes for your staff to do this and the additional expense of P-touch and employee costs. New members added throughout the season are made and shipped the next business day.

For additional information please contact Todd Kuczma at blackwolfgolf@gmail.com or 403-542-5013.
