

**INDEPENDENT GOLF REPS NEEDED
TERRITORIES WILL FILL UP QUICKLY BECAUSE:**

- ❖ We have unique, high quality products with proven golfer demand from all levels of golfers: the weekend golfer to the Touring Pro's.
- ❖ Several products with world wide utility patents and endorsements from both famous golfers and high ranked teachers.
- ❖ All *products Made in the USA*, which means quick turn around and no quality issues. *We once did a 72-hour turnaround for a prominent golf course, which had their event order delivery stuck in a west coast longshoreman's strike.* (However, I do not want to make my living that way!!)
- ❖ Products fit all markets: pro shops, tee prizes, retail stores, teachers and golf schools, and corporate gifts.
- ❖ A win/win sales marketing program, which has already been accepted by many PGA pros and supported by an advertising program in the *PGA and Golf Range* Magazines.
- ❖ Customization and Personalization are our "bread & butter!!"
- ❖ **Personal training in your territory immediately after your appointment.**
- ❖ **Highest commissions in the business.**
